

BG INDUSTRIAL

EXPANDING OUR INDUSTRIAL SUPPLY CAPABILITIES

THROUGH STRATEGIC GLOBAL SOURCING

GOOD DAY,

BG Industrial and our colleagues have imported 24 containers of IE3 electric motors and VSDs, equivalent to SEW products. For convenience, we have based our pricing on standard IEC B5 flange motors.

These products are designed to meet your operational requirements while offering a more cost-effective solution for your budget.

As we continue to expand our imported product range, we will be forwarding additional pricing and product information as it becomes available. Please also refer to the attached BG Industrial newsletter for further details regarding our importing detail.

The attached price list is intended exclusively for selected end users and OEMs. We trust it will not only provide value to your business but also contribute to maintaining fair and competitive pricing within our industry, by keeping competitors in our field more honest.

Many thanks for your consideration.

Kind regards,

Dave Human
BG Industrial

IE3 HIGH EFFICIENCY

IEC B5 STANDARD

COST-EFFECTIVE SOLUTIONS

RELIABLE PERFORMANCE

NOW IMPORTING:

IE3 ELECTRIC MOTORS & VSDs

EQUIVALENT TO SEW PRODUCTS
